

SAUCEDEMO – QA TEST PLAN

Application: Swag Labs / SauceDemo

Application URL: <https://www.saucedemo.com/>

Document Type: QA Test Plan

Prepared By: Shahil

Testing Type: Manual Testing / Exploratory Testing

BUG-01 — Incorrect Product Images.

Field	Details
Bug ID	BUG-01
Bug Title	Incorrect Product Images
Severity	Medium
Priority	High
Environment	Windows, Microsoft Edge
User	problem_user
Precondition	User is logged in as problem_user and is on the Products page.
Steps to Reproduce	1.User Login using problem_user. 2. Open the Products page. 3. view the product images. 4. contrast the images with their corresponding product names.
Expected Result	Each product should display its correct corresponding product image.
Actual Result	Multiple products display the same incorrect image instead of their corresponding product images.
Impact	Users may have difficulty to identify products properly, which may guide to incorrect product collection.
Evidence	BUG-01_ Actual_Product_Images.pngBUG-

BUG-02 — Sorting Dropdown Not Working.

Field	Details
Bug ID	BUG-02
Bug Title	Product Sorting Dropdown Not Working
Severity	Medium
Priority	Medium
Environment	Windows, Microsoft Edge
User	problem_user
Precondition	User is logged in as problem_user and is on the Products page.
Steps to Reproduce	1. Login using problem_user. 2. Open the Products page. 3. Open the sorting dropdown. 4. Try selecting different sorting options such as Name (Z to A) or Price (low to high). 5. Observe the dropdown and product order.
Expected Result	The selected sorting option should be applied and the products should be reordered accordingly.
Actual Result	The sorting options cannot be selected/changed correctly, and the product order remains unchanged.
Impact	Users cannot sort products according to their preferred criteria, making it harder to find products efficiently.
Evidence	BUG-02_Actual_Sorting.mp4

BUG-03 — Wrong Product Opens

Field	Details
Bug ID	BUG-03
Bug Title	Clicking a Product open the incorrect Product
Severity	High
Priority	High

Environment	Windows, Microsoft Edge
User	problem_user
Precondition	User is logged in as problem_user and is on the Products page.
Steps to Reproduce	1. Login using problem_user. 2. Open the Products page. 3. Locate Sauce Labs Backpack. 4. Click on the Sauce Labs Backpack product.
Expected Result	The product details page must display Sauce Labs Backpack and its equivalent information.
Actual Result	The product details page displays Sauce Labs Fleece Jacket in its place of Sauce Labs Backpack.
Impact	Users may view incorrect product information and could potentially purchase the wrong product.
Evidence	BUG-03_Actual_Wrong_Product.mp4

BUG-04 — Empty Cart Displays Incorrect Item Count.

Field	Details
Bug ID	BUG-04
Bug Title	Empty Cart Intermittently Displays Item Count of 1
Severity	Medium
Priority	Medium
Environment	Windows, Microsoft Edge
User	problem_user
Precondition	User is logged in as problem_user and the cart is empty.
Steps to Reproduce	1. Login using problem_user. 2. Ensure the cart contains no products. 3. Open the cart or observe the cart icon. 4. Compare the displayed cart count with the actual cart contents.
Expected Result	When the cart contains no products, the cart should display no item count or a count of 0.

Actual Result	The cart is empty, but the cart icon displays an item count of 1.
Impact	The incorrect cart count may confuse users and reduce confidence in the accuracy of the shopping cart.
Evidence	BUG-04_Actual_Cart_Count_1.png

BUG-05 — Last Name Field Input Issue.

Field	Details
Bug ID	BUG-05
Bug Title	Last Name Field do not Accept Input Correctly
Severity	High
Priority	High
Environment	Windows, Microsoft Edge
User	problem_user
Precondition	User is logged in as problem_user and has at least one product in the cart.
Steps to Reproduce	1. Login using problem_user. 2. Add a product to the cart. 3. Open the cart and click Checkout. 4. Enter Shahil in the First Name field 5. Click the Last Name field. 6. Enter Mansuri.
Expected Result	The First Name and Last Name fields should alone accept and display the entered values.
Actual Result	The Last Name field does not accept the entered text correctly, and the input affects the First Name field instead.
Impact	Users may be not capable to provide their checkout information correctly and may be unable to proceed with checkout.
